Woodlawn Community Summit 2021 Summer Project

This Summer, one of the below projects will be implemented by the Woodlawn Community Summit Committee and South East Chicago Commission. We need YOUR help in voting for the project that will be most impactful for Woodlawn! Link to vote below.

https://www.surveymonkey.com/r/WoodlawnProject2021

1. Playlot/ Park Revival: This project would focus on the revival of a public community space that is underused and in need of care. An example would be reviving the vacant playlot on South Kenwood between East 65th and 66th Streets.

2. Welcome to Woodlawn Signage and Sustainable Flowerbeds: This project would encompass the design, creation, and installation of signage and flower beds at the East and West ends of Woodlawn to unite the community and welcome people to Woodlawn.

3. Mural Project: This mural would be located on E. 63rd St. near the S. Cottage Grove Greenline CTA Stop. The imagery and concept of the mural would ideally reflect community and empowerment. This would also be an opportunity for local community members to work with Chicago-based artists.
